

Pramuda Yusril Mustofa

Backend Developer

Bandung, Indonesia | +62 896 3885 2929 | yusrilmustofa123@gmail.com

SUMMARY

Highly motivated Backend Developer with 2+ years of experience specializing in designing, developing, and optimizing scalable backend systems. Good proficiency in JavaScript, and backend frameworks like Node.js and Express.js. Experienced in building RESTful APIs, implementing authentication & authorization, and managing databases using MongoDB. Skilled in integrating third-party services, optimizing server performance, and ensuring security best practices. Passionate about writing clean, maintainable code and collaborating with cross-functional teams to deliver high-quality software solution

EXPERIENCE

Backend Developer, PT Telkom Indonesia (DSZ) - *Backend Developer*

October 2024 - PRESENT

- Developed scalable, efficient, and secure backend services for a data modeling tool using Node.js and Express.js.
- Integrated authentication and authorization mechanisms using JWT and SSO for secure user access.
- Collaborated closely with front-end developers, UI/UX designers, and project managers to deliver high-quality software solutions

Backend Developer, PT Telkom Indonesia (PAS) - *Backend Developer*

Sept 2022 – Sept 2024

- Developed a dashboard system using Node.js and Express.js, ensuring optimal performance and scalability.
- Designed and implemented RESTful APIs for managing tasks, user roles.
- Developed and maintained unit tests for backend services using Jest to ensure code reliability and minimize bugs.

Internship At PT Telkom Indonesia (EWZ) – *Backend Developer*

July 2021 – Agustus 2022

- Implemented better error handling and logging mechanisms to track
- Investigated and resolved user-reported issues in the MyTENS application, improving overall system stability.
- Analyzed error logs and database queries to identify and fix bottlenecks, ensuring a smooth user experience

EDUCATION

- **Binus University - System Information** - *Undergraduate*
2023 - Present
- **SMK Telkom Malang - Software Engineering** - *Graduated*
20219 – 2022

SERTIFICATION

- **Google Cybersecurity Certificate**
- **Web Development Fundamentals**
- **Microsoft Technology Associate HTML**
- **Microsoft Technology Associate JavaScript**

SKILL

- **Languages:** JavaScript, Go, Python
- **Backend Frameworks & Libraries:** Node.js, Express
- **Testing Frameworks:** Jest
- **Build Tools:** Jenkins
- **Version Control:** Git (GitHub, GitLab)
- **API Integration:** RESTful APIs
